Resuelve los siguientes ejercicios.

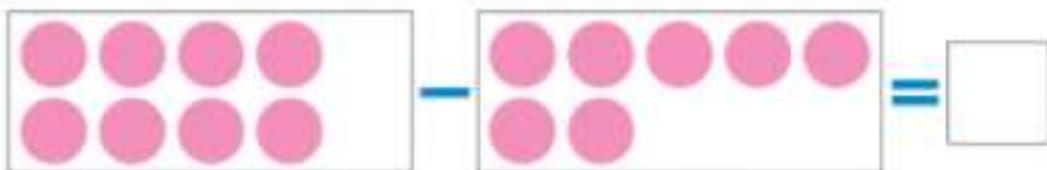

A rectangular box contains 9 yellow circles arranged in two rows: the top row has 5 circles and the bottom row has 4 circles. To the right of this box is a plus sign (+). To the right of the plus sign is another rectangular box containing 10 yellow circles arranged in two rows: the top row has 5 circles and the bottom row has 5 circles. To the right of this second box is an equals sign (=) followed by an empty square box for the answer.

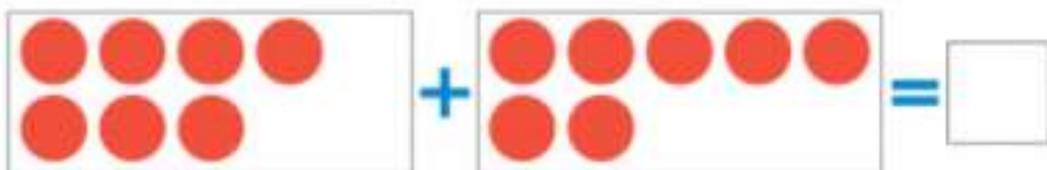

A rectangular box contains 8 blue circles arranged in two rows: the top row has 4 circles and the bottom row has 4 circles. To the right of this box is a minus sign (-). To the right of the minus sign is another rectangular box containing 7 blue circles arranged in two rows: the top row has 4 circles and the bottom row has 3 circles. To the right of this second box is an equals sign (=) followed by an empty square box for the answer.

A rectangular box contains 5 green circles arranged in two rows: the top row has 2 circles and the bottom row has 3 circles. To the right of this box is a plus sign (+). To the right of the plus sign is another rectangular box containing 7 green circles arranged in two rows: the top row has 4 circles and the bottom row has 3 circles. To the right of this second box is an equals sign (=) followed by an empty square box for the answer.

A rectangular box contains 8 pink circles arranged in two rows: the top row has 4 circles and the bottom row has 4 circles. To the right of this box is a minus sign (-). To the right of the minus sign is another rectangular box containing 6 pink circles arranged in two rows: the top row has 5 circles and the bottom row has 1 circle. To the right of this second box is an equals sign (=) followed by an empty square box for the answer.

A rectangular box contains 7 red circles arranged in two rows: the top row has 4 circles and the bottom row has 3 circles. To the right of this box is a plus sign (+). To the right of the plus sign is another rectangular box containing 6 red circles arranged in two rows: the top row has 5 circles and the bottom row has 1 circle. To the right of this second box is an equals sign (=) followed by an empty square box for the answer.
